KINGSVILLE NURSERIES
INCORPORATED
KINGSVILLE · MARYLAND

H. J. HOHMAN

*Kingsville Nurseries have
specialized for years in the
propagation of rare plants,
including Dogwoods, Hybrid
Lilacs, Japanese Cherries,
Evergreens and other
unusual plants.*

Noteworthy FLOWERING TREES and SHRUBS

In response to the tremendous demand for unusual plant material which we have been propagating for many years, Kingsville Nurseries publishes this abbreviated list for your information and convenience in ordering. In no sense does this list include all the material which we grow at our nurseries in Kingsville, Maryland, but it does give you a description of some of the rarer or more unusual plants of especial merit.

Dwarf Evergreen Trees

Picea glauca conica (Dwarf Alberta Spruce). This is an ideal small tree for the rock garden or wherever dwarf growth is desired. It is one of the most interesting oddities among Evergreens, being extremely narrow and pyramidal in growth, thickly covered with short close-set twiggy branches and clothed in grass green leaves.

	<i>Each</i>	<i>Per 10</i>
6 to 8 inches	\$.85	\$ 7.50
8 to 10 inches	1.50	14.00
10 to 12 inches	2.50	22.25
12 to 15 inches	3.00	27.50
15 to 18 inches	4.00	37.50

Picea excelsa nidiformis (Nest-Shaped Spruce). This is of such extraordinary dense form and so closely branched that one wonders how the light ever gets to the lower branches. Branchlets in tight layers, the whole forming a dense, impenetrable head. It grows slowly, $\frac{3}{4}$ to $1\frac{3}{4}$ inches yearly. It is one of the true dwarf Evergreens. Its ultimate size is a matter dependant upon conditions. Because of its size it is valuable for specimens, groups or hedges.

	<i>Each</i>	<i>Per 10</i>
6 x 6 inches	\$2.00	\$17.50
15 inches	3.75	
18 inches	4.50	
20 inches	5.00	

Taxus cuspidata nana (Dwarf Japanese Yew). A smaller, slower growing form of the Japanese Yew with a decidedly Japanese shape and velvety, dark green needles. The foliage is borne more thickly, giving a particularly rich appearance. Its free, irregular growth is picturesque and charming. Readily sheared to a compact formal shape. Ideal for small specimens, rock gardens and foundation plantings.

	<i>Each</i>	<i>Per 10</i>
6 to 9 inches	\$1.25	\$10.00
9 to 12 inches	2.00	17.50
12 to 15 inches	3.00	27.50
15 to 18 inches	4.90	37.50

Pinus tanyosho (Japanese Table Pine). This is really the most unusual Evergreen we offer. It has a short, stocky stem, about six to eight inches long, from which numerous short branches shoot out evenly, forming a rather flat-topped tree. Foliage is soft, light green. Introduced from Japan. Special trimming and training when small is necessary to grow specimens of the character offered by Kingsville. Fine for rock gardens and special uses.

	<i>Each</i>	<i>Per 10</i>
3 x 3 feet	\$4.00	
3¼ x 3½ feet	5.00	
3½ x 4 feet	6.00	

Retinospora obtusa gracilis nana (Dwarf Hinoki Cypress). This Evergreen has very heavy, dark green fronds, compact in growth. Excellent for rock gardens. It is called Gracilis because of its slender, graceful appearance.

	<i>Each</i>	<i>Per 10</i>
6 to 8 inches	\$1.75	\$16.00
8 to 10 inches	2.50	22.50
10 to 12 inches	3.00	27.50
12 to 15 inches	3.50	32.50

Evergreen Shrubs

Rhododendron maximum (Rose Bay). This tall growing Rhododendron sometimes attains a height of 35 feet, with leaves up to 10 inches long. Its blossoms are white to blush-pink, coming into bloom in June, and measure 1 to 1½ inches across. Especially desirable in the shrub border or for foundation planting against the side walls of the house.

Prices: \$2.00 to \$7.50 each.

Rhododendron catawbiense. One of the most beautiful and hardy of the native Evergreen shrubs. Its flowers of rose-lavender are borne in large trusses late in May. Harmonizes well with Rhododendron maximum in similar plantings.

Prices: \$2.00 to \$7.50 each.

Rhododendron carolinianum. An unusually lovely native specimen whose light rose-pink flowers appear early in May. This is an extremely hardy plant, its rich, dark green foliage being seen as far north as Southern Canada. Excellent for foundation, rock garden or group plantings.

Prices: \$2.00 to \$7.50 each.

Deciduous Trees

Acer palmatum atropurpureum (Japanese Maple). For use in rock gardens for an unusual touch in the shrub border, this dwarf tree has a remarkable character. It is very compact in growth and has oblong red to purplish-red leaves.

	<i>Each</i>	<i>Per 10</i>
12 to 15 inches	\$1.00	\$ 9.00
15 to 18 inches	1.50	12.50
18 to 24 inches	2.00	17.50
2 to 2½ feet	3.00	27.50
2½ to 3 feet	4.00	37.50
3 to 4 feet	6.00	57.50
4 to 5 feet	7.50	

Cut leaf, weeping form. Add 50c each to above prices up to 2-2½ ft. Sizes above 2-2½ ft. add \$1.00 each.

Cornus florida (White Dogwood). Grows to a height of 40 feet. Its white ovate leaves grow to a length of six inches, with flowers in dense heads subtended by four large white petal-like bracts. Makes a very desirable specimen for border or screen plantings.

	<i>Each</i>	<i>Per 10</i>
2 to 3 feet	\$.85	\$ 7.50
3 to 4 feet	1.00	9.00
4 to 5 feet	2.00	17.50
5 to 6 feet	3.00	27.50
6 to 8 feet	6.00	57.50
8 to 10 feet	9.00	87.50

Cornus florida pendula (Weeping White Dogwood). This specie has the same general characteristics as the other Dogwoods, having deciduous leaves and small white or greenish-white flowers in a terminal inflation. It is quite easily distinguished by its drooping branches.

	<i>Each</i>	<i>Per 10</i>
12 to 18 inches	\$1.75	\$16.50
18 to 24 inches	2.25	20.00
2 to 3 feet	4.00	
3 to 4 feet	5.00	

Cornus florida rubra (Pink Dogwood). Blooms in dense heads subtended by four large pink or rose petal-like bracts. This, as well as the Cornus florida or White Dogwood, makes a very desirable specimen for border or screen plantings.

	<i>Each</i>	<i>Per 10</i>
2 to 3 feet	\$1.50	\$11.25
3 to 4 feet	2.50	22.50
4 to 5 feet	3.50	32.50
5 to 6 feet	4.50	42.50
6 to 8 feet	7.50	72.50
8 to 10 feet	12.00	100.00
10 to 12 feet	15.00	

Cornus kousa (Japanese Dogwood). This specie is a comparatively recent introduction from Japan and China. The flowers grow together into very dense heads, subtended by creamy-white petal-like bracts.

	<i>Each</i>	<i>Per 10</i>
18 to 24 inches	\$.75	\$ 6.50
2 to 3 feet	1.10	10.00
3 to 4 feet	1.75	16.50
4 to 5 feet	3.00	27.50
5 to 6 feet	4.00	37.50

Davidia involucrata (Dove-Tree). This tree is the rarest plant in America. It required several years of dangerous traveling on foot in the wildest section of China to acquire the original seeds which were sent to America for germination. The Dove-Tree is a lovely specimen for the lawn. Grows to a height of 50 to 60 ft. with unusual creamy-white dove-like blossoms, from which it derives its name.

4 inch pots, per plant	\$ 7.50
5 inch pots, per plant	10.00

Deciduous Shrubs

Azalea arborescens (Pure White). The most fragrant of all azaleas, the white blossoms appearing in the month of May. A well-rounded, bushy type of azalea, ideal for rock gardens and shrub borders.

These can be supplied in various sizes with prices ranging from \$2.00 to \$5.00.

Azalea calendulacea (*Great Flame*). A colorful azalea of unusual beauty. Especially recommended because it is found in so few gardens. Blossoms colored in shades of red, orange and yellow.

These can be supplied in various sizes with prices ranging from \$2.00 to \$5.00.

Azalea roseum. This is one of the loveliest of all the azaleas, having an abundance of fragrant rose-pink blossoms blooming in May. In winter, it's dense, dark branches contrast with the snow. These can be supplied in various sizes with prices ranging from \$2.00 to \$5.00.

Cornus mascula (*Cornelian Cherry*). Another member of the very popular tall growing shrub family. It blooms in early spring, its bright yellow flowers giving a beautiful touch of color to the border or screen planting.

	<i>Each</i>	<i>Per 10</i>
18 to 24 inches	\$.75	\$ 6.50
2 to 3 feet	1.10	10.00
3 to 4 feet	1.75	16.50

Viburnum carlesii (*Fragrant Viburnum*). One of the most fragrant of all flowering shrubs. A delightful plant of bushy, compact growth, ideal for planting in the shrub border or near a window, where its delightful fragrance may be enjoyed.

	<i>Each</i>	<i>Per 10</i>
12 to 15 inches	\$.75	\$ 6.50
15 to 18 inches	1.00	9.00
18 to 24 inches	1.75	16.50
2 to 2½ feet	3.00	27.50
2½ to 3 feet	3.75	35.00
3 to 3½ feet	5.00	47.50
3½ to 4 feet	7.50	

Viburnum macrocephalum sterilis. A semi-evergreen shrub with ovate leaves similar to those of the *Viburnum carlesii*. In this variety, commonly known as the Chinese Snowball, the flowers of white are all sterile, and form a globose ball measuring eight inches across.

	<i>Each</i>	<i>Per 10</i>
18 to 24 inches	\$1.75	\$16.50
2 to 2½ feet	2.25	20.00
2½ to 3 feet	3.00	27.50
3 to 3½ feet	4.00	37.50

Vines

Clematis ramona (*Blue*). An excellent climber for covering fences, arbors or porches. It has light green foliage with large individual flowers of a delicate shade of blue.....75c each

Clematis jackmani (*Purple*). A rapid-growing climber grown especially for trellises and posts. Foliage is light green in color, with large, single purple flowers. Is a hardy grower, much prized for decorative purposes.....75c each

Clematis henryi. One of the little-known varieties of this delightful climber. It is a rapid grower, bearing large creamy-white single flowers in June. Because of its quick growth, it is considered very desirable for trellises and arbors.....75c each

Wisteria sinensis (*Chinese Wisteria*). This is only one of the ten different varieties of Wisterias grown at Kingsville. A very strong grower, its bluish-violet flowers are an inch long in racemes to one foot, give off a rich perfume when the blossoms begin to show in May.

Prices range from \$1.50 each to \$10.00.

Visitors to Kingsville Nurseries may combine a delightful drive thru Maryland's countryside and the interest and beauty of the many rare plants to be seen in our Nurseries.
